

KALEN NASH

UKRED

“...evokes the same wintry abandon that Justin Vernon so famously channeled on Bon Iver’s For Emma, Forever Ago. Nash, however, infuses a more driving musical approach into songs on Ukred, focusing on quick percussion and distinctive song structure.” - **Paste**

“All elements considered -- vocals, musicianship, song craft, adherence to honesty, fabrication of the entirety, and meticulous engineering/arranging, Ukred is a wonderful thing.” - **Blurt Magazine**
